Statistical Yearbook

Republic of Palau
Bureau of Budget and Planning
Ministry of Finance

REPUBLIC OF PALAU

Office of the Minister

ELBUCHEL SADANG
Minister

Message from the Minister of Finance

I am pleased to present the 2014 Statistical Yearbook of the Republic of Palau, which is written and published annually by the Bureau of Budget and Planning under the Ministry of Finance. Information provided in this yearbook is collected, compiled and generated in close cooperation with relevant government ministries and agencies, as well as semi-government agencies, private institutions and the community.

This annual statistical yearbook features key socio-economic data, particularly relevant statistics provided by the Ministry of Health and compiled for the purpose of providing a basis for economic development planning, policy development, investment planning and decision-making. This statistical yearbook is not only important for the national and state governments to guide their development planning and decision-making processes, it also provides the basis for individual investors and corporate groups to analyze and understand specific market conditions, in connection with prevailing economic forces in the Republic of Palau. This yearbook is also used by individuals, community groups and international organizations that are interested in assessing specific components of the economic and social sectors.

The government, especially the Office of Planning and Statistics of the Bureau of Budget and Planning, continues to build its capacity to produce this publication in a more enhanced manner, by integrating a more modern system of data collection, compilation and processing. On-going efforts are underway to train existing personnel to advance their skills and abilities, enabling them to produce more reliable, accurate and informative yearbooks on a timely basis. To further enhance this effort, relevant ministries and agencies are encouraged to continue to cooperate with the Bureau of Budget and Planning in the collection and compilation of statistical data. Furthermore, I recognize the need for strengthening the legislation to facilitate our efforts to obtain the most needed data from the government and the private sector on a regular basis.

Finally, I wish to recognize the efforts of the staff in the production of this yearbook, particularly those in the Bureau of Budget and Planning who collected data and put together this yearbook, and those from the other relevant ministries and agencies that provided the data. I also wish to extend my appreciation to the readers of this yearbook and hope that it will be of great assistance in providing the information you need for your research and projects. Any comments or suggestions are welcomed for the improvement of this Statistical Yearbook. Inquiries may be directed to the Bureau of Budget and Planning, Ministry of Finance.

Mesulang,

Elbuchel Sadang
Minister of Finance
Republic of Palau

ACKNOWLEDGEMENTS

The 2014 Statistical Yearbook publication was made possible through the support of many government agencies as well as some enterprises in the private sector. The information contained in this publication will provide the baseline data required and other information beneficial to the government and private sectors.

The Statistical Yearbook is an annual publication of demographic, economic, social and housing characteristics. It serves as a summary of aggregated statistics about the Republic of Palau, and a reference for planners and many other groups of people for planning and implementing activities concerned with the development of our nation.

We acknowledge and are very grateful for the effort of the government agencies and other individuals in making this publication possible. We commend the staff of the Office of Planning and Statistics for their continued effort in the compilation of this publication.

INTRODUCTION

The Republic of Palau became an independent nation on the 1st of October 1994 with the implementation of the Compact of Free Association between Palau and the United States of America. The government of Palau consists of 16 States, namely: Kayangel, Ngerchelong, Ngaraard, Ngardmau, Ngiwal, Ngeremlengui, Ngatpang, Melekeok, Aimeliik, Ngchesar, Airai, Koror, Peleliu, Angaur, Sonsorol and Hatohobei.

Palau stretches from about 2 to 8 degrees north latitude and 131 to 135 degrees east longitude. Palau covers 189 square miles of land area including the rock islands. The surrounding sea area includes an exclusive economic zone extending over 237,850 square miles. The capital of Palau was relocated to Ngerulmud, Melekeok in 2006. Koror remain the economic center for Palau, with a land area of 7.1 square miles where two thirds of the population resides. Koror lies just south of Micronesia's second largest island, Babeldaob, which contains 153 square miles of undulating forests, grasslands, rivers, waterfalls, wetlands, mangroves and some of the most beautiful stretches of beaches.

Palau consists of more than 340 islands, with only eight being inhabited. These are, from Northeast to Southwest: Kayangel, Babeldaob, Koror, Peleliu, Angaur, Sonsorol, Pulo Anna, Hatohobei and Helen's Reef. Most of the islands are of volcanic origin, and others are of raised limestone. Babeldaob is the largest island, making up eighty percent of the total land area. Babeldaob Island consists of ten states, namely Ngerchelong, Ngaraard, Ngiwal, Melekeok, Ngchesar, Ngardmau, Ngeremlengui, Ngatpang, Aimeliik and Airai.

Palau's distance to major cities in nautical miles: Guam (722 miles), Hong Kong (1,739 miles), Honolulu (4,449 miles), Manila (528 miles), San Francisco (5,751 miles), Shanghai (1,679 miles), Sydney (3,319 miles), Tokyo (1,890 miles). The Republic of Palau is nine hours ahead of Greenwich Mean Time and is in the same time zone as Japan.

Notes: (1) Population per household is the number of persons in households divided by the number of householders.

(2) Population per family is the number of (related) persons in families divided by the number of family householders.

(3) Persons in families exclude non-family householders and non-relatives

(4) Other relatives refer to any household member related to the householder by birth, blood, marriage or adoption.

(5) Persons not living in households are classified as living in group quarters of institutional and non-institutional types.

Sources: 1990 Census Monograph, table 6.12; 1995, 2000 & 2005 Census & 2012 Mini Census; Bureau of Public Health, Republic of Palau

Note: (1) Age Specific Fertility Rate is the number of births in a year to mothers of a specified age per woman of the same age.

(2) Total Fertility Rate represents the average number of children a group of women of child-bearing age would have by the end of their reproductive years.

(3) (*) Computed based on registered live births for Jan-Dec, 2000 & 2005.

Table 2.9 Dependency Ratio: 1990, 1995, 2000, 2005 & 2012

Age Group	1990	1995	2000	2005	2012
Total	15,122	17,225	19,129	19,907	17,501
0 to 14 yrs	4,576	4,840	4,563	4,798	3,532
15 to 64 yrs	9,630	11,406	13,529	13,973	12,814
65 + yrs	916	979	1,037	1,136	1,155
Dependency Ratio	57.0	51.0	41.4	42.5	36.6

Source: Bureau of Budget and Planning, Ministry of Finance, Republic of Palau

Dependency ratio is the number of dependents (ages under 15 & over 64 years) divided by the number of potential workers (ages 15 to 64 years)

Table 2.10 Children Ever Born by Women 15 Years & Over: 1990, 1995, 2000 & 2005

Source: Bureau of Budget and Planning, MOF

1) GDP, GNI and GNDI are at purchasers prices.

2) Refer to Balance of Payments tables for breakdown of primary and secondary income flows

3) US Federal and other grants not passed through the Government of the RoP may be understated

4) Changes in real income due to terms of trade effects. Estimated as current exports times the difference between the reciprocal of import and export prices

5) Primary, Secondary income and capital grants are deflated by the GDP Implicit Price Deflator

6) Income comparisons between countries should be made using Purchasing Power Parity (PPP) rather than US\$. However, these measures are currently under-estimation for the RoP.

7) Provisional

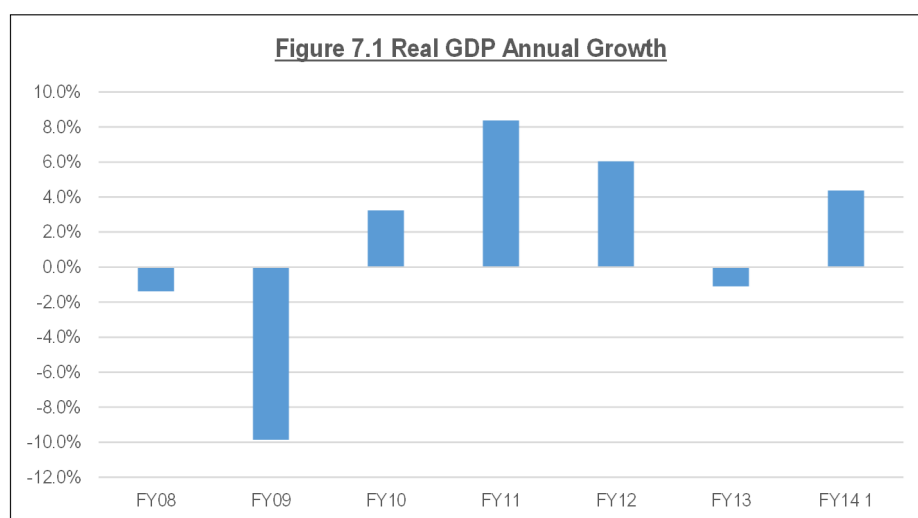

Table 7.1 Current and constant price GDP, GDP per capita: FY07 to FY14

* Data on fetal deaths during include abortions.

Notes: (1) Population for 1995, 2000 and 2005 are Census figures; population figures for other years are projected by the U.S. Bureau of the Census.

(2) Crude birth rates and crude death rates are the numbers of live births and deaths per 1000 population.

(3) Infant mortality rate is the number of infant deaths under one year of age divided by the number of live births occurring that year; it is shown as per thousand live births.
